

# SIX WAY DOZER BLADE

The Blue Diamond® Skid Steer Six Way Dozer Blade is extremely rugged, easy to use, and offers superior visibility. It has a bolt-on edge, skid shoes, and heavy duty cylinders. Using a proven pivot system, it can tilt 10° and angle 30°. A blade extension is available for 8" of added height. Don't settle for anything less! It can even convert to a snow plow by pulling two pins and adding a height extension and trip springs.
