

HEAVY DUTY ROUND BACK CUTTER

The Blue Diamond® Heavy Duty Round Back Cutter is designed for heavy duty applications, such as weeds, grass, and brush up to 2.5" or 3" diameter, depending on model. These cutters use a single spindle with 2 free-swinging blades, which reduces the shock of impact when a stationary object is contacted. A slip clutch protects the gearbox and driveline from damage. Standard equipment includes driveline shields and clutch shields.

PART NUMBER	403110	403115	403120
