

SKID STEER DRUM MULCHER SEVERE DUTY

The Blue Diamond® Severe Duty Drum Mulcher is designed for clearing brush and heavy mulching with skid steers and compact track loaders. Our mulchers feature a 34-tooth bite control cutting drum, allowing the operator to control the depth of cut and keep the rotor working efficiently.

The 2-speed motor provides smooth, efficient performance and can be configured for a closed or open loop hydraulic system. From clearing acres of dense trees to site prep, no job is too big or small for your skid steer with this attachment.

Bite Limiters

FEATURES INCLUDE

- 60" bite control drum with reversible chipping or carbide teeth
- Low-profile tooth anvil with secondary edge guard and single bolt tooth fastening
