

# ROOT GRAPPLE SEVERE DUTY

This Blue Diamond® Severe Duty Root Grapple has a number of improved features that take it a step above the extreme design. An enclosed back, heavier top clamps, 1-piece tines, and hose routing are all improvements to reinforce areas that are prone to damage from heavy use. In addition, extra long tubing in the top clamp prevents twisting.

## FEATURES INCLUDE

- 1/2", extra strong one-piece tines throughout
- Closed in quick attach area
- Reinforced top clamps
- New "no pinch" hose routing
- Opens to 34"
- 35" deep
- 8" tine spacing
- 1 1/4" pivot pins in bushings with grease fittings
