

UTILITY BUCKET

HIGH-CAPACITY/HIGH-BACK

The Blue Diamond High Capacity High Back Utility buckets are key for productivity on the jobsite. With a durable reinforced back and massive capacity, these buckets are sure to meet whatever demands you can throw at it. The mesh in the back provides exceptional visibility, while the optional bolt on side cutters help scrape materials into the bucket.

FEATURES INCLUDE

- High capacity 28" high x 37" deep
- ¼" material in the back and floor
- Double plate reinforcement on mount
- Heavy top cross bar and boxed in bottom corner for strength
- Smooth model includes a bolt-on-edge
- Rolled back for easy clean out
- Increased capacity
- ½" wear bars on bottom
- Safety steps
- High capacity has mesh for high visibility
