

WORK PLATFORM

Our Blue Diamond® tough, lightweight Work Platforms offer many features. The mesh floor gives the driver visibility while providing stable non-slip footing. The weight capacity is 2,000 lbs, and end-fork pockets are standard on 8' and larger platforms for moving and loading in tight areas.

FEATURES INCLUDE

- 2,000 lbs capacity steel mesh floor
- Standard fork pockets will accept up to a 5 1/2" wide fork tine
- Large fork pockets will accept up to a 7 1/2" wide fork tine
- Anchors behind fork heel
- Safety harness tie downs
- Safety pins on doors
- Meets or exceeds OSHA standards
